## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Gilsum :

I herein submit my tenth annual report as superintendent of schools.

The economic situation today compels us to weigh everything that we are doing to make sure that it is worth while, to evaluate it from an economic standpoint, to make sure it is being done in the best way possible and at the least cost commensurable with efficiency.

Your school officers have tried to eliminate unnecessary leaks, to take advantage of every reduction of costs in needed materials, to maintain standard qualities and not to cripple the efficiency of the teachers through lack of things necessary for successful work.

Taxes and tax burdens are today the topic of much discussion. There is no denying that public education faces a crisis. What shall we do? Shall we lose faith?

Due to the world-wide depression, a popular wave for the cutting of teachers' salaries swept over the country last year.

An error was made in placing the development of children on a level with mercantile and manufacturing business. For the business may recuperate its loss when times become favorable; but the loss to the developing child is loss forever.

Here, I wish to commend the action of the towns of my district, in the fact that five of the eight towns maintained the same salaries for their teachers, and the other three made only moderate cuts.

If I may judge from what I read in the papers today, the peak of cutting teachers' salaries is past. The wave is on its ebb.

A question which is sometimes asked is: "How far can a man go into the woods?" The answer, "Only half way." For after that he is on the way out. We trust that as far as the depression effects our public school system, New Hampshire and the rest of the country are on the way out.

However, let us be optimistic. Let us not take the props from under the bridge over which the country must travel to reach better times. But, as citizens of the greatest republic in the world, let us be mindful of the following facts: (1) The school is the agent of the state in preserving itself. (2) Education is not a charity but a part of the national defense. (3) Education is the author of national ideals, the moulder of the soul of America.

Therefore, let us resolve: Not until other means have been exhausted, should the necessary appropriations for education be touched. We have no right to punish the children for our lack of foresight, and they are the ones who will suffer under this procedure.

The above statements are made not for any emolument unto myself, but they are made in the interests of your children and for the prosperity of our state and nation.

### PROMOTIONS

The following numbers of promotions in respective grades were made in June:

Grades,	I	II	III	IV	V	VI	VII	VIII
Grammar,					6	14	5	7
Primary,	13	3	5	7				
West,	3		2	1		1		
Belvedere,	2	1	1	2		1		
	—	—	—	—	—	—	—	—
Totals,	18	4	8	10	6	16	5	7

The above promotions were made on the following points: regularity of attendance, term rank, standard tests, and regular examinations given by the teachers.

Stanford's Achievement Tests were given; one at mid-year and one in June.

The Otis Standard Graduation examination for elementary schools was given to the eighth grade.

In the above mentioned tests, the pupils showed evidence of a good year's work.

#### TEACHERS FOR YEAR ENDING JUNE 30, 1932

Grammar,	JOSEPHINE CONWAY
Primary,	TERESA O'MARA
West,	MRS. GRAYCE E. BALL
Belvedere,	GLADYS BRITTON

The same staff of teachers continue in the school during the present year. Continued service of same teachers in schools is an element of strength in a system of schools. At the time of writing, the schools of the town are running smoothly, making timely progress and give evidence of a successful year.

#### GRADUATION

On the evening of June 15, the following pupils were graduated from the eighth grade of the Gilsum Grammar school: Harold Ballou, Lillian Chamberlain, Lila Johnson, Philip Nevers, Charles Thayer, John Wheeler and Leon Wilson.
